MISCELLANEOUS.

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skilful artisans in our works, and long use on the part of the public, demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co.,	Waltham, Mass.
Amn. Watch Co.	Waltham, Mass.
American Watch Co., Crescent St.,	Waltham, Mass.
Appleton, Tracy & Co.,	Waltham, Mass.

And a Healthy action to the Liver, Kidneys, Secretive and Excretive Organs.

A DYING ZOUAVE

lay breathing in last on the battle field, his companions surged on and left him alone. They knew the cause of his approaching end it was the deadly bullet. No friendly voice could cheer him to life—no human skill could save him.

Thousands of Precious Lives

are to-day as rapidly sinking, and as surely tottering on to an untimely end, in Suffering, Agony, Wretchedness, and

Ignor nce of the cause which

Science can arrest and assuage.

Nourish into new Life and Vigor,
And cause the Bloom of Health
To dance once more upon their withered Cheeks.

DISEASE, LIKE A THIEF,

Steals upon its victims unawares, and before they are aware of its attack, plants itself firmly in the system, and through neglect or imitation becomes

The withered face—the shallow complexion
The feeble voice—the sunken, glassy eye?
The emaciated form—the trembling frame?
The treacherous pimple—the torturing sore?
The repulsive eruption—the inflamed eye?
The pimpled face—the rough, scurfy skin?

The answer is simple, and covers the whole ground in all its phases, viz: the

ARE FIRMLY FIXED IN THE

FOUNTAIN OF LIFE—THE BLOOD.

The

The tubercules of Scrofula that sometimes flourish and stud the inner coating of the abdomen, like kernels of corn, are withered, dissolved and eradicated and the diseased parts nourished into life. The Torpid Liver and Inactive Kidneys are stimulated to a healthy secretion, and their natural functions restored to renewed health and activity.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, MAY 10, 1870.

POLITICAL DISABILITIES.

Sneaking John and malignant Bill, are having a good time, as they imagine. When Pool, Abbott, Heaton, French and Dewesse, from North Carolina, took their seats in Congress, there was a strong and growing disposition on the part of Congress, to restore to their late enemies of the South, their civil and political franchise. Even Thad Stevens thought himself sufficiently avenged, and voted for the removal of the disabilities of some whose petitions were opposed by Pool, Heaton, Abbott and even Mr. Boyden, who had then recently joined them, and occupied the relation to the Radicals which General Clingman does now.

If it were not for the fact that such statesmen as Bragg, Graham, Venable and Ashe, would be in the way of Holden, Pool and Abbott, the political disabilities of every man in the State would long since been removed. We are sure this would have been done, but for the fact that the Southern carpet-baggers and scalawags, as soon as they assembled in Washington, held a meeting and laid down the rule for the government of the party in the removal of disabilities.

If Congress could pardon and absolve Holden, Dockery, Dick, Reade and Rodman, that of itself, precluded the possibility of refusing pardon to any other offender, except upon arbitrary ground. Judge Reade had served in the Confederate Congress, and Dick's will was good to do the same, but he was defeated because the people had no confidence in him.

Rodman was first a Colonel, then a Quartermaster in the Confederate service; one day a Quartermaster was killed by a stray shot in the rear, and another killed by his team running away, whereupon Rodman resigned. He has always had judicial aspirations, so he became an aspirant for the Bench. The Civil Benches being crowded, and failing to get the vacancy which occured at that time, he accepted a judicial seat, as military Judge, to try deserters. In this bloody Court, Judge Rodman is said to have excelled Judge Jeffreys, who ordered to execution three hundred traitors in riding one circuit.

In Randolph county, many deserters were shot, and yet that old Whig county, with professions of loyalty to the Union and hatred to Secession and Democracy, voted for Holden, Dick and Rodman; all of them life-long Democrats; two of them signers of the ordinance of secession, and the last a military Judge, who ordered their children to be shot with as little compunction as if they had been so many dogs.

The old Whigs of Randolph are the most inconsistent, and at the same time the most forgiving men we ever knew. They put their trust in Holden, Dick and Rodman, instead of Junius Web! This sin has carried with it its own punishment. Sin, yes, *crime*, we call it; for Randolph to trust and put faith in Holden and Rodman, in stead of Governor Worth, was a crime deserving punishment.

Pool, Holden, Heaton, Abbott, Jones and Dewesse, may be justly styled "pardon-brokers." They have pardoned Col. Hargrove, General Clingman, General Phil. Hawkins and the most incorrigible "secesh," upon their intimating their purpose to join with them in "making treason odious."

We say to all political sinners, who sinned with Thomas Jefferson in fighting for what he taught, State's sovereignty, be of good cheer; there is mercy enough in Congress to pardon and absolve old Satan himself.

If Congress can forgive General Clingman and forty-two signers of the ordinance of secession, including Dick, Thomas and Starbuck, whom will they punish? If Congress can forgive Holden, who sent a man to John Brown's hanging, who brought home and exhibited with joy and exultation, in the *Standard* office, a piece of the rope which set that old saint's "soul marching on!" whom will they punish?

If Congress can forgive Holden, who said during the war, of the "*honest*" *Ben Butler*, Senator from Massachusetts, "let him come, North Carolina will welcome him with bloody hands to a robber's grave," whom will they punish?

If Congress can forgive Holden, who called Lincoln a "tyrant, despot, jester, and fool," whom will they punish?

In short and in fine, if Congress can forgive Holden who asked "for the head of Abe Lincoln," why can't they forgive Booth, and all who sinned in Tom Jefferson and State Sovereignty?

A document looking to the future political purposes of the Republican party has been drawn up by a prominent Western Senator, and has been signed by every Republican in the Senate. It was circulated among the Republican members of the House, and signed so far as presented. The object is to convene a grand caucus of all the Republican members in Congress, there being over two hundred members, for the purpose of devising ways and means, and setting forth the issues which the party will present to the country on the coming fall elections for members of the House of the Forty second Congress.

It is intended to constitute a grand Campaign Committee to furnish documents, etc, and especially to look after the condition of the Radical party in the Southern States, where the contest is represented as likely to be close, with a fair prospect of Conservative results. This caucus will be held probably next week, and it will be more important than an ordinary caucus, from the fact that it will make a declaration of principles.

"On wings of love let Joseph fly,
From grocery to grocery."

We returned to the city, yesterday afternoon, after a week's absence at Orange Court. The Governor's son announces our arrival in a hall column of that scurrilous journal, which once assailed the chastity of the females of the State without cause or provocation.

With as little excuse as there were for the article "Work," the Governor's son, to justify his own common street drunkenness, and his habitual visits to tippling houses, publishes forty gentlemen of the city and State, as drinking men, asking "how many glasses do they take," &c., &c.

Among the gentlemen thus published by the Governor's drunken son, occurs the names of Judge Merrimon, Gen. Scales, the venerable Senator from Cabarrus, Mr. Melchor, who has attained to the age of three score and ten, and always maintained the character of a sober, christian gentleman, and several others, all of whom are patterns of sobriety, and some of whom have never been known to touch spirits under any circumstances.

Joseph says after naming these gentlemen: "We have some more names in store. There is a good catalogue of Democrats, who only take three glasses per week. We shall let them have it in broken doses. The publicly drunken rascals shall be exposed. Their three glasses per week shall not be taken in peace.

It is not the worm of the Still, nor the worm in the glass, which will sting them. We will give them a rap with a genuine shillalah, and when they get some better and return to the filth, we shall rap them again.

There shall be no rest for the wicked."

Joseph says he saw us at Pepper & O'Connor's last night. As to our being there, we went to the eating saloon; as we passed the bar room, we discovered Joseph at the bar; he had just come from Fraps'. We went to eat and not to drink; we did not take a drink. Pepper and O'Connor can testify that they have never mixed us a drink as strong even as wine.

The *Standard's* charge of public or private drunkenness upon us, will not be believed, nor does it disturb our equanimity in the least. We should not have alluded to it, again, but for Joseph's vile assault upon some forty gentlemen, who are not at all responsible for the personal controversy carried on between the *Standard* and SENTINEL.

We are told that Genl. Scales, Judge Merrimon and others, mentioned in Joseph's drunken catalogue, never drink, not even wine. But even if they did, it is no part of a drunken Editor's duty to gazette them for doing so. We justify our publishing Joseph and his Excellency, "Dad," in this wise; when they were editors and the Editor of this paper only a private citizen, they published us falsely, as traveling with bottles and ticklers, and figuring in the bar rooms at Washington. We are now paying them back with interest; the debt is almost discharged.

This is our justification for publishing Joseph and the Governor. But we are not afraid to put it on high moral grounds; we abominate drunkenness; there is no excuse for it; the Governor of the State should not visit tippling shops; he lowers the gubernatorial dignity and department when he does so.

The Speaker of the House, the sanction of whose name is necessary to every law, should not lay about drunk, as Joseph did in Greensboro, Raleigh, Richmond and Rockingham. We will say nothing about Lincolnton, as he has told of that upon himself.

We have always maintained that, when editors publish gentlemen in the private walks of life for drinking, they deserve a caning. In conclusion we say,

"On wings of love let Joseph fly,
From grocery to grocery."

As the Red River troubles has excited a good deal of comment recently, we clip from the New York *World*, a brief history of the origin of the difficulty:

The Red River difficulty was about this: In 1667 Charles II. granted the territory in question to the Hudson's Bay Company in fee simple, reserving always the sovereignty of the crown. In 1867 Parliament passed an act to consolidate the various British North American possessions into one state, to be known as the Dominion, and, in order to bring Winnipeg into the confederation, virtually forced the Hudson's Bay Company to give up its possessory right. On this the Dominion Parliament proceeded to extend its jurisdiction over the Red River country by appointing a Lieutenant Governor to rule the same. The Winnipeggers insisted that they should have a provincial government of their own like that in vogue in the Canadas, New Brunswick, and so on; or in other words, in our political parasceology, should be a State of the Canadian confederation, and not a Territory. From this Riel and others afterwards advance to a claim of absolute independence; but the general sentiment seems never to have gone beyond the first demand; and on this basis the quarrel has now, as appears from a statement just made in the British Parliament, been settled. Manitoba, as the province is to be called hereafter—the old names, Winnipeg, Red River, Rupert's Land, Assiniboin, the Northwest Territories, or Selkirk's Settlement, being put out of date—is to have a local government analagous to that in the other states of the Dominion, and in matters of general import to be, like them subject to and represented in the Canadian Parliament.—Should this arrangement be carried out—and there seems no reason to suppose but that it will be—the design of forming all British North America in one federal union will be a success. It is possible that this success may act injuriously hereafter upon the United States, and if so the blame lies at the door of that stupid incapacity in the administration which has been so completely outwitted by British sagacity.

BURGLARY.—The store of Mr. Charles Bizzinger, corner Sixth and Princess streets, was entered through the front door, which was forced open, early yesterday morning, and about $150 in goods removed therefrom to the street. Before they could make off with their booty, however, Mr. Bizzinger was aroused when the thieves (two in number) ran off, leaving the goods behind, as well as their hats and shoes. They secured only two or three dollars, which had been left in the money drawer.—*Wil. Journal* 8th inst.

CONSERVATIVE MEETING IN CARTERET.

In pursuance of previous notice, a large and enthusiastic meeting of the Conservative party of Carteret county, was held at the Court House in Beaufort, on Monday evening 2nd of May.

On motion, Levi T. Oglesby, Esq., was called to the chair, and Wm. V. Geffrey, appointed secretary.

The chairman explained the object of the meeting to be the nomination of candidates for the various public offices. The list of delegates was called and every Township found to be represented.

On motion of E. S. Bell, Esq., the chair appointed a Committee of two members from each Township, to report resolutions and nominate candidates. The following gentlemen were selected as the Committee: E. S. Bell, Richard B. Styron, Joseph Gaskill, David McCain, Melvin D. Willis, Anthony Willis, Oliver C. Whitehurst, John Jeffers, D. S. Weeks, Solomon Phillips, T. A. Robbins, T. C. Davis, D. S. Sanders, M. J. Lupton, E. W. Sanders and Durand Robert.

During the retirement of the Committee, loud calls were made for J. L. Mitchell, Esq., of Bertie, who addressed the meeting at length on the iniquities of radicalism, and the oppressive burdens it has inflicted upon the people. He counselled harmony and concert of action; paid a high tribute to Jo. Turner, and urged every man to do his duty in the cause of truth, justice and liberty. Mr. M's. remarks were well received and had a good effect, and made him many warm friends who appreciate his talents and effective service in behalf of our great cause.

Mr. Murray was then called on and made some stirring remarks that proved him a worthy champion of a good cause.

Henry R. Bryan, Esq., of Newbern, in response to the wishes of his friends entertained the meeting in a few brief remarks that were very much applauded.

The Committee then returned and reported the following nominations, which were unanimously ratified:

For House of Representatives.—Dr. L. W. Martin.

For Sheriff.—John D. Davis.

For Register of Deeds.—John Rumley.

County Treasurer.—Henry Roger.

County Coroner.—Wm. F. Fiver.

County Commissioners.—E. S. Bell, Richard B. Styron, A. H. Chadwick, W. C. King, J. W. Pelletier.

The following resolutions were reported and unanimously adopted:

Resolved, 1st. That the Conservative party of Carteret Co. in convention assembled, with an eye single to the blessings of good government and a desire to restore prosperity to the country and State, believe that a change of rulers is imperatively necessary.

Resolved, 2nd. That this conclusion is warranted by the fact that the Republican party with the whole resources of the Government at its disposal has basely violated every promise made to the people, overridden constitutional barriers, taxed oppressively, and squandered to dishonest ends the revenues drawn from the tax-paying portion of the commonwealth.

Resolved, 3rd. That every class of our citizens have felt the burdens of unjust taxation, and are met with the stern and unpromising fact that our State debt is increasing, our bonds issued for purposes of internal improvement, are manipulated by dishonest Rings, and sold at a comparatively nominal sum to the detriment of the tax payers of the State.

Resolved, 4th. That when investigation of corruption and fraud has been demanded by honest representatives, all measures fairly instituting inquiry have been voted down, or otherwise rendered futile by Republican opposition.

Resolved, 5th. That in such a situation of affairs the Conservative party of the State feel warranted in calling upon the people to repudiate by their voice at the coming election a party that will support and sustain men who thus basely plunder the public treasury, betray their trusts, and prove themselves unworthy of the confidence of honest men.

Resolved, 6th. That we hereby pledge ourselves to stand by our party and each other in our endeavors to arrest the wholesale corruption and fraud, which has heretofore been practiced upon us, and we call upon all fair minded citizens to join with us in supporting such men only as are known by their present and past political sentiments.

Resolved 7th. That we view with alarm the efforts of Gov. Holden in favor of the suspension of the writ of *habeas corpus* in North Carolina, and denounce with unmingled indignation and contempt the great wrong he would inflict upon an unoffending people in order to prolong the misrule of his party.

Resolved 8th. That we throw to the breeze our banner with Economy inscribed on its folds, and promise the people in event of success, light burdens and a faithful administration of public affairs.

Resolved 9th. That the Chairman is hereby authorized to appoint an Executive Committee for the county.

Resolved 10th. That the Chairman appoint fifty delegates to a District Congressional Convention, to be held at such a place and at such a time as the District Executive Committee may see fit to designate.

Dr. Martin in obedience to calls rose and accepted the nomination in a few appropriate remarks.

The following gentlemen were then appointed as the Executive Committee: Geo. Smith, William Alexander, W. F. Howland, Thos. Thomas, J. H. H. Davis, T. P. Whitney, J. H. Potter, W. S. Chadwick, Jno. Russell, Chas. Lowenberg, L. C. Howland, D. S. Sanders, W. V. Geffrey, J. K. Gaskill, M. J. Lupton, W. D. Styron, Edward Davis, Melvin D. Willis, Richard Whitehurst, J. G. Roberts, T. P. Chadwick, A. D. Lawrence, Silas Webb, L. T. Oglesby, W. W. Ward, D. McCain, Jno. W. Sanders, D. S. Weeks.

The following were named as delegates to the Congressional Convention: Allen Davis, Jr., Jas. Rumley, D. W. Morse, G. W. Taylor, L. S. Furlaw, G. W. Styron, J. W. Noe, L. H. Fulcher, J. G. Davis, R. E. Walker, C. S. Bell, W. Sabisten, C. H. Guthrie, W. H. Robinson, R. D. Bell, W. Hardesty, J. W. Sanders, D. S. Weeks, Elijah Taylor, Jeremiah Watson, D. S. Quinn, D. McCain, W. W. Ward, Silas Webb, S. Phillips, T. C. Davis, Kilby Tolson, J. J. Lupton, E. Daniels, J. L. Goodwin, J. W. Lupton, Jos. Taylor, Jno. Rose, Edward Davis, Anthony Willis, M. D. Willis, Tyre Moore, W. B. Sabisten, A. D. Lawrence, J. G. Roberts, C. C. Whitehurst, Samuel Leffers, Richard Leffers, Z. Howland, Stephen Chadwick, R. Sprinkle Gideon Bell, B. Chadwick, James Gillikin, Elijah Felton, Theo. Lindsay, G. A. Hatsell, J. P. C. Davis, David Pierce, W. J. Potter, E. Dill.

It was moved and carried, that the proceedings of the meeting be published in the Newbern *Journal of Commerce*, and that the Raleigh SENTINEL and Wilmington *Star* be requested to copy.

On motion, the meeting adjourned.

"I am astonished, my dear young lady, at your sentiments; you make me start." "Well sir, I have been wanting you to start for the last hour."

A lady wished a seat in a crowded hall. A handsome gentleman gave her a chair. "You are a jewel," she said. "Oh, no, I'm a jeweler; I have just set the jewel."

A wag, passing by a house which had been almost destroyed by fire, inquired whose it was. Being told it was a hatter's, "Ah," said he, "then the loss will be fair."

A LADY who prided herself on her geography, seeing a cassile asiant, remarked that it reminded her of the "Leaning Tower of Pisa." "Yes," responded a wag, "with this difference: that is a tower in Italy, while this is a tower in grease."

A simple fellow once said of a famous beauty, "I could have courted and married her easy enough if I'd wanted to." "And pray, why didn't you?" asked his friend. "O, when I began to court her, you see, she took me on one side and politely asked to be excused, and so I excused her."

"Is my face dirty?" asked a young lady from the backwoods, while seated with her aunt at the dinner-table on a steamer running from Cairo to New Orleans. "Dirty! No. Why did you ask?" "Because that insulting waiter insists upon putting a towel beside my plate. I've thrown three under the table, and yet every time he comes around he puts another one before me."

A few days ago, a gentleman whose progenitors had been lost was invited out to tea. "My dear," said the good lady of the house to her little daughter, "I want you to be very particular and to make no remark about Mr. Jenkins' nose." Gathered around the table, everything was going on well; the child peeped about, looked rather puzzled, and at last startled the table: "Ma, why did you tell me to say nothing about Mr. Jenkins' nose; he hasn't got any?"

At a recent examination in an infant school a little boy was asked to explain his idea of bearing false witness against your neighbor. After hesitating, he said it was telling tales, on which the examiner said, "That's not exactly an answer. What do you say?" addressing a little girl. She immediately replied, "It was when nobody did nothing, and somebody went and told of it." "Quite right," said the examiner, amid irrepressible roars of laughter, in which he could not help joining.

CANNING EGGS.—The process of "canning eggs" in their own shell is something new. It was explained at a late meeting of the New York Farmers Club. When two or three dozen eggs are obtained from the nests, place them in a dish and pour scalding water over them, and immediately turn it off. This process is repeated three times, by which means the albumen is fixed or coagulated, the pores of the shells closed, and the egg, as it were, canned in its own covering. The eggs thus prepared are then packed in salt, with the apex downward and they are said to keep perfectly fresh for many months.

NEGRO JURORS PLEDGED TO THEIR RACE. The following incident, related by a Quincy correspondent of the Tallahassee *Floridian*, contains food for reflection, especially for those who are so anxious to place negroes in official positions:

"This interesting incident occurred in open court. A negro juror was asked by the acting State's Attorney if he had taken an oath in any secret organization when acting as a juror not to bring in a verdict against any one of his color where a white man was interested. *He replied he had.* The Judge immediately ordered his name to be stricken from the list of jurors. Let lawyers be cautious hereafter."

Mrs. Livermore, in a recent speech in Vermont, said that she didn't believe that woman suffrage would increase the frequency of matrimonial disagreements. She had known a very loving couple to quarrel over the chess-board until it was dispensed with by common consent. She instanced a newly married pair who had passed their honeymoon in wrangling over the proposition made by the husband, and resisted by the wife, that David, King of Israel, was an unmitigated rascal.

ORIGIN OF THE KU KLUX.—A word about the Ku Klux. There is no such order now in existence. Those claiming to represent it are simply bandits. The genuine Ku Klux never existed outside of Tennessee, and ex sted there only to a limited extent and for a brief period. The Government had withdrawn its protection from the people, Brownlow had organized a troop of roving militia, composed chiefly of negroes, and officered by convicts whom he had pardoned out of the State prison for the purpose. Women and children were being murdered every day and night in cold blood. No home was secure. No life was safe. The courts were closed against the people. The few laws that were allowed to remain on the statute books were denied them. The middle portion of the State was in complete anarchy, and self protection was the only security within reach of citizens. The Ku Klux Klan was a purely defensive organization. It numbered the oldest, best and most peaceable men. Its spirit was judicial, its acts were orderly, and its purpose was self preservation. Through its brief but benign influence order was restored, legal redress was granted, the official robbers and assassins dispersed, and society settled into its normal state. Then the Ku Klux Klan vanished as mysteriously and noiselessly as it had appeared, and we pray God it may never again become indispensable to the peace of any neighborhood in any part of the Union.—*Louisville Courier-Journal.*

The Revolution declares that 70 cannons were recently taken from New York to Washington, to influence legislation on the Pacific Railroad subsidy, and that $35,000 was sent to the keepers of infamous houses in Washington, who were to coerce, by threatened exposure, votes on the Indian appropriation bill.—*Exchange.*

And we have no doubt of the literal truth of the statement made by the Revolution. Such corruption, such reeking rottenness as reigns in Washington, was never paralleled in the history of civilized government. The great majority of the men who cry out in holy horror against the monstrous crimes of Mormon polygamy, and denounce the system as nothing more nor less than legalized lechery, having their concubines in every leading city of the Union which they are in the habit of visiting, and every observing man knows it. It is as true that this is so as that we live. The truth, plainly told, about the representative men at Washington, would shock the country from centre to circumference.—*Bridgeport (Con.) Farmer.*

THE Boston Times gives a report of a spiritual meeting under the title of "Other World Affairs." At this meeting a stout muscular man, who looked like a shoemaker, or machinist just out of the shop, with a dirty striped woollen undershirt and no collar, in a full, loud, clear voice, gave a communication from J. Wilkes Booth, in bad rhyme, stating how he met Abraham Lincoln in the spirit land, with 'Forgiveness" written in letters of light on his brow. Several females with closed eyes, and heads rolling around as if a little "how c me you so," and waving hands as though vainly striving to brush away some troublesome insect, but not wide awake enough to say "Shoo fly," were attractive items. One speaker severely scolded the mediums for not allowing the spirits perfect control. He said he was a red man, and lived here in the woods two hundred years ago, yet he spoke remarkably good English, probably having studied the language in the spirit world. And upon rubbish of this kind about 2,000,000 of people in this country are willing to stake their hopes of salvation.

An invention is announced in Switzerland which will directly affect phonography, and make every man his own private secretary If it comes to perfection it must be classed with the inventions of Daguerre and Morse The machine is no longer than the hand and performs the work of an accomplished stenographer. Placed in contact with the vocal organ, it reduces the slightest sounds communicated by the tongue, throat or lip. While one is in the act of speaking, a ribbon of paper is dotched from the machine, similar to that thrown off by the telegraphic apparatus, on which the words pronounced are traced in black and white.

THE SENTINEL.

CITY AND STATE ITEMS.

TUESDAY, MAY 10, 1870.

Thos. H. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

MEMORIAL OBSERVANCES.—As we are about closing to go to press, the Ladies of the Memorial Association and citizens generally, with many visitors, are wending their way to the Confederate Cemetery, for the purpose of paying the annual tribute to our lost heroes, and of laying the corner stone of the monument to their memory.

Gen. Ransom, who is to deliver the Address, has been quite sick all day, but we hope he will be able to accomplish the grateful task assigned to him by the ladies of the Association.

The corner stone will be laid by the Masonic Fraternity, with appropriate ceremonies.

We shall notice more particularly, the incidents of this anniversary in our next. Business houses generally closed.

PERSONAL ITEMS.—Gen. M. W. Ransom, orator on the occasion of the Ladies' Memorial anniversary, and Gen. Robt. Ransom of Wilmington, arrived in the city by last night's train, and registered at the Yarborough House.

Gen. J. C. Abbott, Gen. Allen Rutherford, Gen. Phil Hawkins, and Hon. A. H. Jones, are all in the city; also Hon. Jno. Pool, all to "fix up a man" for Attorney General, and to give general directions for the management of political affairs, during the coming campaign.

EXCURSION FROM GOLDSBOROUGH.—An extra train from Goldsboro' arrived here this morning, at 10 o'clock, bringing about 250 children and officers of the Sunday School of the M. E. Church, of that town, together with some 400 other excursionists.

Although no official notification of the intended visit had been received by the Sunday Schools here, and consequently no organized committee appointed to receive the visitors, they were met at the depot by some of our citizens, and conducted to the Rayner grove, where, we hope, they had a pleasant time. Many of them visited the Capitol, the Deaf and Dumb Institute, and other places of interest about the city, before returning by the train, which left about four o'clock. Many regretted that the excursion train was not arranged to remain until after the memorial ceremonies at the cemetery.

A NICE TREAT.—We return our thanks to Mrs. H. L. Evans, of the well known and popular Boarding House, corner of Edenton and McDowell streets, for a dish of nice strawberries, the first we have seen this season. Strawberries are esteemed a luxury, but they are not the only luxury that Mrs. E. furnishes her boarders, for she keeps a first-class house, as any one may test by stopping with her, where board may be had on moderate terms, by the day, week or month.

BIT OF A FIGHT.—We noticed, at a distance, a rough and tumble fight between two negroes, at the corner of Hargett and Wilmington streets, this forenoon, but, what it was about, or which got the best of it we did not feel sufficient interest in it to take the trouble to find out.

REPUBLICAN CONVENTION.—The Republican District Convention met at the Commons Hall to-day, for the purpose of nominating a candidate for Congress for the long term, and also one for the short term. We learn that James H. Harris of Wake, was nominated for the long term, the vote being Harris 10, Lassiter 4, Cook 2, and Mason 2. After the announcement of the vote, the nomination was, on motion, made unanimous.

J. Madison Hawkins of Franklin, was nominated for the short term.

We think the Conservative party will find no very great difficulty in selecting men of statesmanship, personal popularity, knowledge of the interest of the people of both races, honesty, and capability, to leave these nominations in retiracy.

We regret to learn, says the Wilmington *Journal* of the 8th inst., that at Mullins' Depot, W. C. & A. R. R., on Friday, two distilleries, together with a lot of turpentine, the property of Mr. Arch Gilchrist, were totally destroyed by fire. The loss has been roughly estimated at about $2,500.

The Blessing of the Age.

No more Sick Headache, no more Dyspepsia, no more Indigestion, no more Piles, no more Colds, no more Fever Complaint, no more Jaundice, no more Pain in the Back, no more Kidney Disease, no more Costiveness, no more Heartburn. *TUTT'S VEGETABLE LIVER PILL* is a certain guarantee against all these distressing complaints.

The Opinion of an Officer in the Army.

"At inspection I noticed that a large proportion of the men's knapsacks contained a box of Troches, being generally used by them for Colds, etc." "*Brown's Bronchial Troches*" should be used upon the first appearance of a Cold or Cough, which by neglect may terminate in some incurable Lung Disease.

Radical Reform.—The old mode of changing gray hair to a color more or less natural is eternally abolished. PHALON'S VITALIA, OR SALVATION FOR THE HAIR imparts to the bleached fibers the very shade that has been bleached out of them by time or sickness, and is clear, and has no sediment. Sold by all druggists and fancy goods dealers.

At one of the recent concerts at the Tuileries, "one of the most beautiful women of Paris attracted much attention by the Empress conversing with her for some time, and on her returning to her seat all eyes were turned upon her. The lady, accustomed to this homage, thought it was as usual paid to her charms. But suddenly she discovered that one of her beautiful eyebrows, made of felt, had dropped in her lap, and that this it was which attracted so much attention. She fainted, of course, and no doubt will take better care in future of her fixings.

TAKE NOTICE!!

The people of Franklin county are requested to meet in the Court House, in Louisburg, on

SATURDAY, 21ST, DAY OF MAY,

for the purpose of appointing delegates to the District Convention, to be held at Franklinton on the 7th and 8th days of June; and to adopt such plans as will tend to the overthrow of the present corrupt administration of public affairs, and to the general good of the whole people of the county of Franklin.

It is of great importance that a full turn out of the people be had.

MANY CITIZENS.

LOUISBURG, N. C., May 9th, 1870.

COMMENCEMENT AT WAKE FOREST.—The commencement exercises, proper, of Wake Forest College, will take place on the 8th and 9th of June. The Railroads will extend the usual reduction of fare, and ample accomodations may be obtained by those desiring to attend.

The following will be the order of exercises:

TUESDAY, 7½ P. M.—Address before the Alumni Association by Rev. JNO. MITCHELL, Hertford Co.

WEDNESDAY, 11 A. M.—Address before the Literary Societies by Hon. JNO. CARR, Caswell Co.

WEDNESDAY, 3 P. M.—Annual Meeting of the Alumni Association.

WEDNESDAY, 8 P. M.—Sermon before the Graduating Class by Rev. J. A. BROADUS, D. D., Greenville, S. C.

THURSDAY, 10½ A. M.—Orations of the Senior Class.

THURSDAY, 7½ P. M.—Social Gathering in the Halls, Complimentary to the Graduating Class.

DEATH BY STARVATION.—A brother of John P. Post, the carpenter, died on Friday last, at Bergen City, under the following circumstances: He was a few months since a strong and healthy man. A few weeks ago he was told a fatal tumor was pressing against his entrails, and that he would starve to death. There was no surgical remedy, as nothing could successfully remove the cancerous ulcer. Gradually it compressed up the passage way and then digestion ceased, and the process of starvation began. The agony suffered by the dying man is indescribable. He became reduced to a thin, gaunt skeleton, but he suffered patiently and died resigned and at peace with God and man.—*Patterson New Jersey Guardian.*

RALEIGH BRASS BAND.—We are sorry that our Raleigh friends were disappointed by the non-return of their music to Raleigh in season for the excursion to Haywood last Thursday. We did not keep them here because we loved them so well, but because they—not we—could't help themselves. Their detention was through mismanagement on the part of the Raleigh projectors of the trip and is wholly chargeable to that account. The excursionists were tricked by one of their own color and found themselves in Wilmington without the means of leaving it. Through the kindness of the Wilmington and Weldon Railroad officials they finally succeeded in securing a passage home at merely nominal rates.—*Wilmington Journal.*

GOV. VANCE'S LECTURE.—Friday night, Gov. Vance delivered a lecture at Oates' Hall, his subject being "The Boy." His remarks were both amusing and instructive, and he was listened to by a large and fashionable audience. The proceeds of the lecture are to be applied to the benefit of the Mission School.—*Charlotte Observer, 8th instant.*

A FLOATING PALACE.—The races, General Grant, and other new features will make Long Branch more attractive than ever this summer. In view of these facts, James Fisk, Jr., is fitting up the Plymouth Rock, to be the most elegant steamer in the world, and to ply on his line between this city and the popular seaside resort. It will be furnished in a most gorgeous, palace-like manner. In fact, a floating hotel, with French *cuisine* attached.

Prostration Played Out.

Violent purgatives, emetics, sulivants, blistering and bleeding have had their day.

The sick can no longer be persuaded that the best way to cure them is to destroy the little strength that disease has left them.

Dyspeptics instead of dosing themselves with epsom salts, sloes, colycinth, jalap, and other powerful cathartics tone their digestive organs and regulate their bowels with Hostetter's Stomach Bitters.

Persons of bilious habit, instead of throwing the whole glandular system into a state of morbid irritation with mercurial poison, seek relief, and find it, in the operation of that wholesome vegetable altera tive upon the disordered liver.

Nervous sufferers, tremulous, weak and despondent, recruit their shattered energies with a course of the great invigorant, and bless the day when the adulterated liquors of commerce were superseded by a medicated stimulant perfectly efficient and entirely harmless.

Travelers by land and sea rejoice in the possession of an agreeable corrective, which protects them from the evil effect of malaria, from sea sickness, and from the disturbing influences of changes of temperature, and change of water.

The weak and debilitated feel their strength return, and their spirits revive under its bracing, appetizing, gently exhilarating action.

It is the only stimulant which cautious physicians can conscientiously recommend to ladies in delicate health, or to the aged and decrepid.

There is not a city, town, or settlement, on the American continent, where it is not recognised as a household remedy, and a safeguard against epidemics; and, in short, wherever there is intelligence, prudence and common sense, Hostetter's Stomach Bitters is pronounced a standard specific, for which, in the whole range of pharmacy, there is no substitute or equivalent.

OFFICE OF THE N. C. LAND CO.
RALEIGH, N. C. May 9th, 1870.

Mr. Editor:

SIR:—We are in receipt of several letters from capitalists of Europe, asking us to forward them descriptions of some eight to ten large tracts of land, in different parts of the State, containing from 15,000 to 100,000 acres each, to settle colonies on.

Owners of such tracts, who wish to sell, will please forward to our office, description of their land, location, price, terms &c. This company makes no charge for land placed in their hands, unless a sale is made.

A prominent Shipping House of Liverpool writes us to day, asking if we will engage to furnish them with return freight, if they put on a line of Steamers to carry emigrants direct from Liverpool to Wilmington in our State. All they ask is for us to insure them this, and they will put on a steamer at once.

Here is an opportunity offered for us to ship the produce of this good old State direct to Europe, without paying tribute to any of our sister States: who will assist us in bringing this about?

BEING OVER $12,000,000 GREATER THAN THE NEW BUSINESS OF ANY OTHER LIFE INSURANCE Co. IN THE WORLD.

PURELY MUTUAL. DIVIDENDS PAYABLE AT THE END OF THE FIRST YEAR AND ANNUALLY THEREAFTER.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD !!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 3th 1869.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

Testimonials without number from citizens of this, as well as those of other States might be published, but the above is sufficient. Any person having the Right can make 8 to 10 bbls., of the Fluid in an hour.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

UNPREJUDICED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *Highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention!

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers *gratis.*
